UNIVERSITY OF MICHIGAN
CENTER FOR DIGITAL CURRICULA

WHO ARE WE

We are the University of Michigan Center of Digital Curricula Team. The team is made up of a combination of professors, curriculum specialists, teachers, and programmers. Together we bring to you a powerful platform for online learning called Collabrify Roadmaps.

WHAT WE DO

We create customized curricula and give it away for free to support teachers and students with deeply digital teaching and learning.

WHAT WE HAVE FOR YOU

We have BrainVentures for you on Monday May 18th at 2pm.. BrainVentures take students on a visually guided, scaffolded, learning adventure. These engaging adventures only require accessing and sending out a simple URL for student to use.

We also have year long Social Studies curricula using a combination of Michigan Open Book, MC3, and a little GIANTS sprinkled in. The Social Studies Collabrify Roadmaps will be presented on Wednesday May 20th at 4 pm.

Collabrify Roadmaps provide a collaborative platform for all of the best resources to be in one place. Teachers can use them like they are or add their favorite resources to the roadmaps to share with their colleagues and students.

**Use the link below to join us
May 18th @ 2
May 20th @ 4**
